

MB5370接收傳真轉寄SMB步驟

MB5370 FAX to SMB Procedure

先根據Microsoft 網上說明設定「共用資料夾」：

Follow Microsoft Online FAQ Setting “Share Folder”

Windows 7 –

中文說明:

<http://windows.microsoft.com/zh-hk/windows/share-files-with-someone#1TC=windows-7>

English Instruction:

<http://windows.microsoft.com/en-us/windows/share-files-with-someone#1TC=windows-7>

Windows 8/8.1 –

中文說明:

<http://windows.microsoft.com/zh-HK/windows-8/share-files-folders>

English Instruction:

<http://windows.microsoft.com/en-us/windows-8/share-files-folders>

使用Canon Quick Toolbox設定目標資料夾步驟

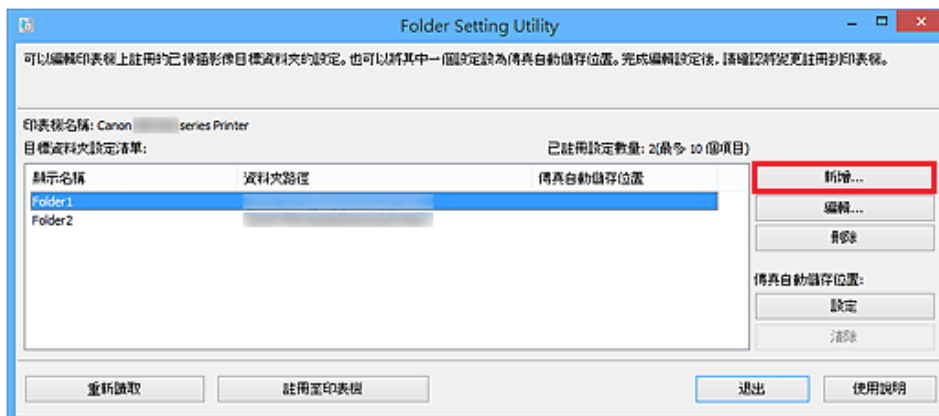

Use Canon Quick Toolbox setting the destination Folder Procedure

1. 在電腦 > 程式集 > Canon Utilities > Quick Toolbox打開Quick Toolbox 程式
Open “Quick Toolbox” program in Computer > All Programs > Canon Utilities > Quick Toolbox
2. Canon Quick Toolbox程式主畫面如下圖，確定印表機清單中印表機正確，點選印表機後選擇「目標資料夾設定」

Click “Destination Folder Settings” in Canon Quick Toolbox Main Screen, make sure your printer in Printer List. Select your printer then click “Destination Folder Settings”

3. Folder Setting Utility視窗如下圖，選擇「新增」
Click “Add...”

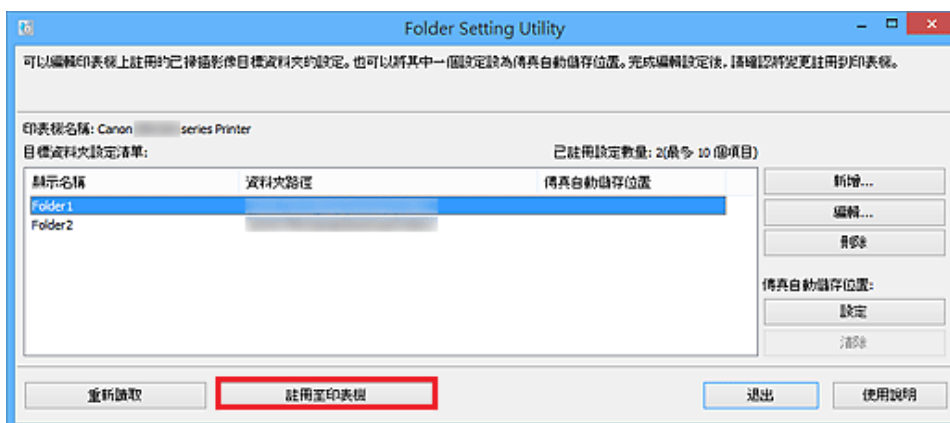

4. 輸入顯示名稱、資料夾路徑等，輸入完成後可按一下連接測試檢查是否可以連接到指定的資料夾

Enter the display name, folder path, etc., click “Connection Test” to check if you can connect to the destination folder for data

5. 輸入完畢後按「確定」，回到Folder Setting Utility視窗後按「註冊至印表機」
Click “OK” to apply the addition, back to Folder Setting Utility Windows then click “Register to Printer”

設定啟用印表機將接收的傳真自動轉寄至電腦的共用資料夾的步驟
